bristled with notable incidents, including the defeat of three odds-on favorites-Bonner, at 5 to 20; Kilogram, at 1 to 7, and Stevedore, at 9 to 10.

Perhaps the most interesting feature was the reappearance of the famous Raucocas colors, which were carried to vic tory in the second race by Pierre Lorillard's two-year-old filly, Aneke, by Locohatchee-Harlem. It was the first time Mr. Lorillard has started a horse since also ran. the death of his father, and the familiar colors-cherry with black hoops-worn by LONG SHOT WINS AT ST. LOUIS Booker took many back to the days when the Lorillard stable was an important Joe Goss, at 15 to 1, Captures Second factor in turf affairs. Aneke, who has been trained by Jack Joyner, and has displayed good form in her trials, was backed by Dave Gideon and his friends for one of their old-time "killings."

Added Starter Won.

The filly was an added starter in the Eclipse course. W. C. Whitney's Makeda was the favorite, at 4 to 1, in the opening betting, but in less time than it takes to tell it, the odds of 6 to 1 against Mr. Lorillard's filly were cut to 2 to 1. Even then there was no let-up, and the filly went to the post a hot favorite at 8 to 5, with even a shorter price on many of the

Shrine Left at Post.

Thirteen youngsters started in the race. The Goughacre Stables' Shrine refused to break, and was left. In a wild scramble for the lead, Aneke showed in front before the first furlong had been run, Makeda, Impetuous and Sontag following. Aneke led all the way, and landed the race by three parts of a length. The time, 0.46¼. was but a quarter of a second slower than the best record made over the course at that distance. Makeda was second, half a length before Impetuous, who beat Son-

Favorite Was Last.

In the fourth event, for three-year-olds at six and a half furlongs, "Pittsburg Phil's" Bonner was a 9 to 20 favorite, but Mr. Gideon and his followers played Perry Belmont's Musidora all over the ring at 11 to 5. The only other starter was F. R. Hitchcock's Cryptogram, ridden by Tommy Burns, who was allowed to go

Burns trailed behind to the turn. The pace was so fast that it carried both the leaders wide as they rounded into the stretch, and Burns, taking advantage of the opening skinned the rail so neatly that he made up fully ten lengths and took the lead before Shaw and Booker knew what was going on. Both Musidora and Bonner were tired when their riders called upon them, and Cryptogram came on and won as he pleased, by a length and a half. Musidora was eight lengths and a mail. Sousidera was eight lengths in front of Benner. It is said that Gideon and his friends took \$30,900 out of the ring on Aneke's victory, but they lost a good portion of it back on Musidora.

Hot Favorite Beaten.

Those who are in the habit of petting on 1 to 7 shots to win supper money thought they had the surest kind of a thing when Kliogram was installed a favorite at that price to win the East Chester Handicap, at a mile.

There were nineteen horses entered in the race, but fifteen of them were scratched, leaving Kilogram to meet such infector animals as Alsike. Ohnet, and Squire Quinne. It was only last Tuesday that Kliogram best a good field of horses in a handicap at a mile in the fast time of 1:41%. With but five pounds more to carry it looked so easy for Mr. Benning-ton's horse that some books held the Last Monday Ohnet, carrying 111

Ackerman and Handleapper. In today' race, however, he shouldered but ninety pounds, and with Cochrane ur went out in front, made all the running and won easily by two lengths. Brennan had to whip Kilogram all through the last six teenth to get the place from old Alsike

He ran second to Voter when that horse made the world's record for a mile, and was beaten only a head. He would have won the race in another stride.

As a two-year-old Decatur won only a few races, and when he reached three years it was thought by Trainer Burch that he was destined for a sprinter, but the colt showed a disposition to go on. and after that won many races over a distance. Decanter was in good shape last winter and Mr. Burch expected him to train on this year. He struck himself early in the spring, however, and never recovered sufficiently to stand training. Benning patrons will miss Decanter.

It turns out that Oom Paul, the good gelding belonging to Jacob Worth, has, after all, not broken down. He was ou on the track the day after the report of his mishap and worked a mile in 1:50 wrong with the three-year-old and that he is doing all that is asked of him. MORRISTOWN, N. J., May 9.-The handsome residence of Eugene Higgins, the millionaire, which is situated about a mile from this city, was totally destroyed by fire at 5 o'clock this afternoon. The origin of the fire is unknown, but thought to have started from a plumber's torch. Some alterations were being made on the house and a number of workmen were about the buildings. Thousands of dol-lars' worth of furniture, paintings, and statuary which Mr. Higgins had col-lected during his travels in foreign countries were removed to the campus. The loss of the building is estimated at \$40,000 and is fully covered by insurance. On the lawn it was said were over \$200,000 worth of valuables taken from the building. DESTROYED BY FIRE GOLF TOURNEY'S SECOND DAY'S PLAY

Good Scores Were Made Despite the High Wind.

THREE FINAL MATCHES TODAY

Reid Defeated Moller and Will Play in the Semi-Finals This Morning With Dr. Harban, W. C. Carnegie, and W.

With the wind blowing a gale directly rom the northwest, the contestants in the cup, consolation, and sweepstake events in the Chevy Chase Club golf tourney yesterday morning came on the course with considerable fear as to what result their best efforts would bring, driving in the teeth of such a zephyr. It blew in the morning when the pairs in the three classes were driving out; it blew when they were coming in, and it blew still harder when they came on for the afternoon rounds. The wind conditions made some clever calculations as to direction necessary, and even these often went

The course was in unusually fine condition and the putting greens were never faster. The qualifying round gave the visiting golfers-the cracks-an opportunity to do some very fine playing, and incidentally they made new marks for this section in several plays, and yesterday, the second day, notwithstanding the weather conditions, they almost duplicated their work.

Mr. Joh nReid, jr., of St. Andrew's, who won the prize for low score in the quali-fying play, was in his usual good form, and was followed on both his rounds by a good gallery. His style of play does not differ very much from that of Mr. Carnegie or Dr. Lee Harban and other cracks, but he was fortunate yesterday in many plays to so gauge the wind as to drive his ball before it, and in few instances did he slice.

Mr. McCammon in Form,

Mr. Ormsby McCammon was in fine form, and his drives were strong and his direction good, and the fact that he beat rected in order to prevent a recurrence of Mr. E. P. reply to the resolution passed by the Trades and Labor Council some weeks ago advising him not to accept the invitation of Rawlins Post, G. A. R., to visit Minneapolis this summer has been received by Secretary Boreen.
